

Academic Leadership

Vision:

To establish a strong, transparent, and visionary academic leadership that fosters excellence in teaching, research, innovation, and community engagement, aligning with national and international standards.

Key Academic Leadership Positions:

1. Chancellor:

- The ceremonial head of the University.
- Provides strategic guidance and oversight for academic and administrative functioning.
- Ensures that the University adheres to its vision, mission, and core values.

2. Vice-Chancellor (VC):

- The chief academic and executive officer of the University.
- Responsible for overall academic leadership, administration, and strategic planning.
- Ensures quality assurance in curriculum design, teaching, research, and faculty development.
- Represents the University in national and international forums.

3. Pro-Vice Chancellor:

- Supports the VC in academic and administrative leadership.
- Oversees specific academic domains or projects such as research, innovation, or international collaborations.

4. Registrar:

- Chief administrative officer responsible for maintaining records, governance processes, and statutory compliance.
- Coordinates with academic departments and committees to implement policies.

5. Deans of Faculties:

- Head each faculty (e.g., Faculty of Science, Commerce & Management, Arts, Law, Engineering & Technology, etc.).
- Responsible for faculty-level academic planning, curriculum implementation, research facilitation, and student development.
- Lead faculty meetings, performance reviews, and mentoring of department heads.

6. Heads of Departments (HoDs):

- Lead individual departments and ensure the delivery of curriculum as per NEP 2020 and UGC standards.
- Mentor faculty and students, promote research and innovation, and organize departmental activities.
- Facilitate industry collaborations, internships, and skill development programs.

7. Controller of Examinations:

- Oversees the design, implementation, and evaluation of examination systems.
- Ensures transparency, fairness, and compliance with regulatory guidelines.

SIKKIM SKILL UNIVERSITY

EDUCATION FOR ALL

8. Director, Research & Innovation:

- Provides leadership in promoting interdisciplinary and multidisciplinary research.
- Facilitates research funding, patents, consultancy projects, and publication output.
- Oversees the Incubation and Innovation Centre for entrepreneurship and start-ups.

9. Director, Training & Placement:

- Leads student employability initiatives, career counseling, internships, and industry collaborations.
- Develops soft skills, entrepreneurial training, and placement opportunities.

10. Director, International Collaborations & Partnerships:

- Expands global academic networks, student exchange programs, and joint research initiatives.
- Coordinates MoUs with international universities and research institutions.

11. Heads of Centers of Excellence & Specialized Cells:

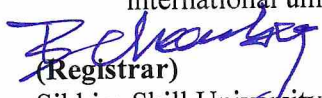

- Academic leaders for research centers, incubation centers, skill development centers, and community engagement initiatives.
- Ensure alignment of center activities with University's mission, vision, and core values.

Academic Committees Supporting Leadership:

- **Academic Council:**
 - Highest academic body responsible for curriculum, research, and academic policies.
- **Board of Studies (BoS):**
 - Recommends syllabus, new courses, and program structures.
- **Research & Ethics Committee:**
 - Ensures quality, ethics, and compliance in research activities.
- **Internal Quality Assurance Cell (IQAC):**
 - Monitors and improves teaching-learning processes and academic governance.
- **Faculty Development Committee:**
 - Plans and executes continuous faculty upskilling, training, and development programs.

Leadership Philosophy:

- **Transparency:** Open decision-making processes involving stakeholders.
- **Innovation:** Encouraging creative solutions, research, and skill-based interventions.
- **Inclusivity:** Fostering equitable participation across gender, caste, and socio-economic backgrounds.
- **Accountability:** Regular review of academic, research, and administrative performance.
- **Global Standards:** Benchmarking University practices against leading national and international universities.
